

Marketing Strategy/Mission

Updated July 23, 2024

MyVeloFit Mission Statement:

MyVeloFit is dedicated to transforming the cycling experience, empowering riders to achieve their full potential. We pioneer innovative solutions that enhance comfort, performance, and enjoyment for cyclists worldwide, regardless of their skill level or cycling goals.

Marketing Mission Statement:

The purpose of MyVeloFit's marketing efforts is to inspire and support cyclists in their journey to optimal comfort and performance. We are dedicated to creating a comprehensive resource for bike fit knowledge, building influential partnerships with leading cycling creators, and delivering memorable, interactive experiences at cycling events. Our commitment is to drive growth, engagement, trust, and loyalty within the cycling community by consistently delivering value and innovation.

Marketing Objectives:

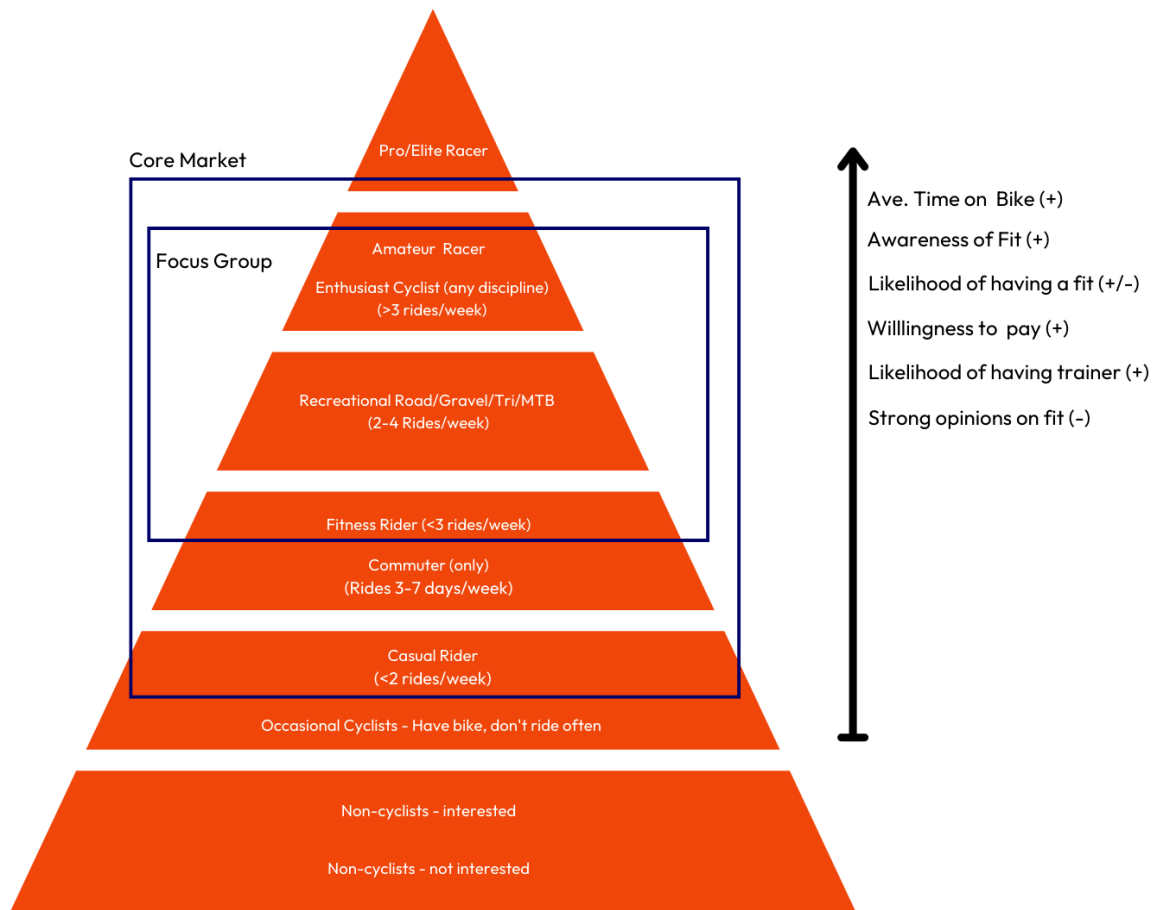

- Engage, Educate, Empower
- #1 place to find bike fit content
- The most recognized bike fit partner for leading cycling creators
- The most engaging partner at key cycling events
- Trusted “household name” in bike fit related conversations
- Consistently visible in cycling/online spaces

Messaging & Content Approach

Throughout all of our marketing efforts across platforms, MyVeloFit needs to ensure clear, concise, and consistent messaging for our brand and products that reflect our mission and values. To achieve this requires three core initiatives:

- Establish key tone and language for how to speak about what we do
 - [MyVeloFit Style Guide](#)
- Establish MVF stance/position on fit and sizing
 - What is special about the way we fit and size bikes?
- Consistent “persona” in content
 - Build an online “persona”

Target Market
